Virginia Employment Commission - Workforce Investment Act Policy - No. 99-2 - Attachment A, I, 1-6

**A. Mandatory Members of the Local Board**

1. A Local Workforce Investment Board (WIB) must be made up of at least a majority of private sector representatives and shall include representatives from employers in the region that reflect the employment opportunities in the area and adequately represent, to the extent possible, urban, suburban and rural interests.
2. At least two representatives of local educational entities, including adult education and literacy and postsecondary institutions.
3. At least two representatives of labor organizations.
4. At least two representatives of community-based organizations (CBOs). The term CBO means a private nonprofit organization that is representative of a community or a significant segment of a community and that has demonstrated expertise and effectiveness in the field of workforce development.
5. At least two representatives of economic development agencies.
6. A representative(s) of the entity of the one stop required partners. All one stop required partners are located within an administrative entity. This is for local board membership purposes and is separate from the One Stop Center operators, which will be selected by the Local Workforce Investment Boards, in agreement with Chief Local Elected Officials. The minimum board requirement is one representative from each one-stop partner entity. Chief Local Elected Officials may choose more than one representative from a partner entity.
